Simi Valley, CA 93065

(818) 877-0300

To our future permanent makeup artists,

Congratulations on choosing the top permanent makeup application method available. Through "The Artistry of Permotech" you will discover all the skills necessary to build a promising career in the permanent makeup field.

YOUR SUCCESS IS OUR SUCCESS!

This is the approach of "The Artistry of Permotech" teaching method. The principle founder Antoinette Cox, after being in the business for many years and correcting countless different artists' work, decided to start training. "It is important for me to do all that I can, to train you to be a capable artist" says Antoinette; with this impetus she created "The Artistry of Permotech Method".

Permotech provides top notch instructors so your instruction is passed down to you from the very best. The topics of permanent makeup are covered systematically and in detail, thus giving you a thorough knowledge of the processes involved. The techniques that you are taught in class are of a superior quality, providing you with very best education available.

Through this method, we teach a Basic Permanent Makeup Course. You will receive a certificate of completion for "THE ARTISTRY OF PERMATECH METHOD" through Permotech Makeup, Ink. We train in small numbers to give you our full attention. We provide an extended practice program, so the students can observe and assist in the studio during the class. A station is available for rent to students so they can begin practicing right away. You will receive ongoing support for a full year.

Permotech Makeup, Ink also offers Master courses and Workshops; these courses are for previously certified permanent makeup artists.

Thank you for your interest, we look forward to working with you,

Antoinette Parfitt Cox (Artistry of Permotech Master
Instructor)

Instructions for Application

Steps to take when applying for the Artistry of Permotech courses

1. Read through the course descriptions and choose the course that is right for you.
2. Fill out the Student Application and Career Assessment Questionnaire and e-sign or mail to address below.
